# Alura Lux BY NHTGlobal

Alura Lux by NHT Global is a NEW and IMPROVED formulation of our top selling lifestyle product Alura by NHT Global, now paraben-free. Containing the same key combination of menthol and L-arginine and fully patented, Alura Lux by NHT Global is now more natural without the use of parabens while maintaining the same key ingredients and same full-body benefits.

Since 2001, Alura has been sold in more than 40 countries and has positively impacted the lives of millions of customers around the world. Created by Board Certified OBGYN Dr. Ronald J. Thompson, this innovative topical vasodilator has been found to benefit multiple areas of the body depending on where it's applied and is clinically proven to improve vaginal lubrication for women. This patented formula is safe, FDA-cleared, clinically proven, doctor recommended, and sold exclusively by NHT Global.

## THE SCIENCE

Alura Lux’s unique formulation consisting of L-Arginine and Menthol is based on the 1998 Nobel Prize winning discovery that L-arginine stimulates the nitric oxide synthase system to increase blood flow to the surface of the skin.

## CLINICAL STUDY RESULTS

In clinical studies, **85% of women** reported an overall improvement of lubrication, measured by an increase in lubrication quality and speed. 98% of women reported a positive overall response to Alura Lux.

## EXCLUSIVITY

\*Alura Lux is sold exclusively by NHT Global.

### **RECOMMENDED USE**

Apply gel to fingertip and massage thoroughly into the desired area.  
Use daily after shower or before intercourse for enhanced comfort.  
Use on peak days of fertility for increased chance of conception.
